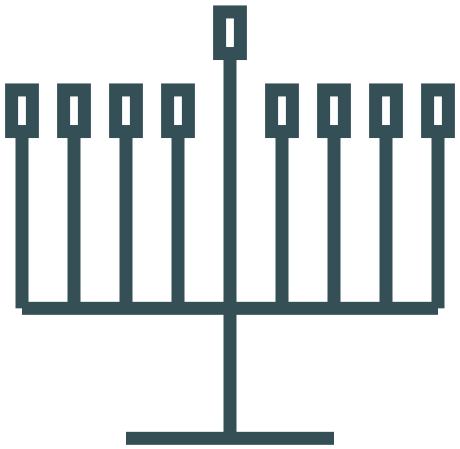
ONE NIGHT / ONE DISCOVERY

Night 4 / Eight plus one

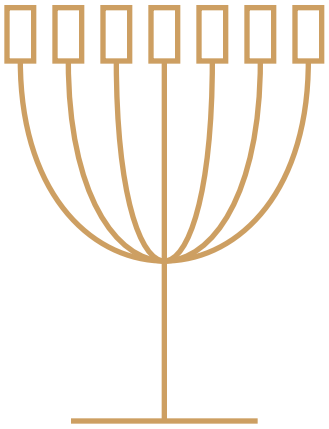
Name: _____ Date: _____

Look at the two lamp diagrams. A chanukiah has eight holiday-light places and one separate helper place. The Temple menorah has seven lamps. These pictures are for counting and comparing.

A



B



Circle the chanukiah: A or B.

In the chanukiah picture, color the eight holiday-light places. Put a square around the separate helper.

Complete: 8 holiday-light places + 1 helper place = _____ places.

How many more places does the chanukiah have than the seven-lamp Temple menorah? _____

In a drawing for the fourth night, 4 holiday lights and 1 helper would make _____ lights altogether.

Oral option: point, say your answer, or ask an adult to write.
